

IMC Club: Monthly Meeting

Fog has been known to be the cause of many CFIT accidents. We'll discuss some ways to mitigate the risk. Good decision making is based on knowledge but knowledge is often acquired thru experience. At IMC Club meetings we strive to gain knowledge thru each others experiences by discussing some of our in-flight decisions; good or bad. We will use a video presentation of a scenario to spark a conversation on in-flight decision making. Don't miss this meeting. Click on the link below and register TODAY.

Directions: The seminar will be held in the conference room below the restaurant.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
